There maybe more so please get hold of me and we will add to the list. Club members,

Your Club did very well on the raffle and the money was put to good use - four new telephone poles are up - Again Thank you. Our Archery range is looking real good because we have a very active group. It's a work in progress but progress is being made by dedicated people. The Trap range (open from 12 PM to 2 PM every Sunday) (Needs help) and the lower range (Open Sunday 9 AM to 12 PM rim fire 22 only, 12 PM to dark rim & center fire. Monday thru Saturday 9AM to dusk. - rim & center fire) are also looking better because of the help from the few. Guys we need you to pitch in. It's your Club and some of us are not getting any younger? Even the access road is looking good but it requires constant maintenance which means money and again people to help.

Our kitchen is the main stay of the Club and this is due to your participation every Sunday from 07:30 AM to 10:00 AM. Mark Gunderson has done an excellent job (Chef) along with Walter Gajewski his able assistant. (They need Help) If you want to learn something from the best Sportsman in the area come visit us on a Sunday morning. You won't be disappointed. Come on down and meet your Friends.

Your Club supports you in addressing your concerns to the PCL, GOAL, and NRA and organizations that support our Second Amendment Rights! This is paramount to our mutual success. But again we need you to write, call, e mail the politicians in Boston and Washington when there actions are not in line with our needs.

However our club has additional financial needs just like you do at your house, and without your help - manual and financial we can not succeed. We only have to look at our Rifle & Pistol range, our out buildings, our trap range, our power lines, and the road. Maintenance on equipment - lawn mowers, trimmer and the list goes on. These are just the everyday needs to keep our club running. In addition we have long range goals (two, three and yes five years) to continually improve the services we provide. Yes you have people who are that far sighted to address our future needs. None of these things can happen without your help we Need You Club

Members! Another fact which I may have touched upon is we are getting older and unfortunately can not do the things we could a few years ago. We need your youth, your mind and all that it brings to us for you are our future.

We are hopeful we will have a Turkey shoot in November and again we call on you to support this event by helping and showing up at this event. This event does two things at a minimum, it brings friends together and also generates fund for our needs. See you there. More info on this event will appear on our web site and our New Bulletin Board out side the Club house.

We have been very fortunate that a donated M&P compact 9mm was given to the club. It is being held by Ron's Sport Shop. We thank him so much for his generosity and we ask you to patronize his shop for your needs. We have opted to hold a raffle for this fine piece of workmanship with a limited number of tickets which will be going for \$10.00 a piece. Raffle tickets will be sold at your club at E Board meeting. General Meetings, and at breakfast every Sunday morning. The Drawing will be held at the December General meeting. Do hope you come down and support your club.

Thank you so much for supporting Your Club.

Club Members,

At the August 5th Executive board meeting, Your Board passed a change to the By-Laws as to Article VII - Section 1 as to the Months a General Meeting will be held.

Section 1 reads The General Meeting will be held on the second Tuesday of each month at 7:30 PM, with the exception of July & November. There is no General Meeting in July & November.

The E Board on 8/5/10 approved the following change: The General Meeting will be held on the second Tuesday of each month at 7:30 PM, With the exception of July & **August. There are no General Meetings in July and August.**

We would request you please attend the next General meeting so we can implement. Please Your Club needs you.

Thank You,

Paul E. Bonville
